EDUCATION

KIT-Kalaignarkarunanidhi Institute of Technology, Coimbatore 2024 – 2028
B.E. Computer Science and Engineering Current **CGPA: 8.32/10.0**
Coursework: Software Development, Operating Systems, DBMS, OOPS, Cloud Computing

EXPERIENCE

AI/ML Intern, Nxtlogic Software Solutions Mar 2026

- Hands-on experience in data preprocessing, model development, and performance evaluation using Python

PROJECTS

Cybershield - AI

- AI-powered platform for scam and phishing detection
- Uses XGBoost Machine Learning model
- Analyzes messages, emails, and URLs
- Classifies content as Safe or Suspicious
- Detects patterns commonly associated with online scams
- Provides real-time warnings to help prevent cyber fraud

Omni Food Service – AI-Powered Campus Food Ordering System

- Developed a food ordering website using React and PostgreSQL.
- Implemented menu browsing, cart, and online food ordering features.
- Added a Gemini AI chatbot for food recommendations and user assistance.
- Built separate Student and Shop Owner interfaces with secure management features.

ShortFlow – Automated YouTube Shorts Generation & Publishing System,
(n8n, Python, Flask, FFmpeg, Google Sheets API, YouTube Data API)

- Built an automated YouTube Shorts generation and publishing workflow using n8n, Python, Flask, and FFmpeg.
- Automated quote, image, and BGM selection using Google Sheets with history-based repetition control.
- Implemented automatic video rendering, BGM integration, metadata generation, and YouTube uploading.

TECHNICAL SKILLS

C++	Git	HTML
Python	Github	CSS
DSA	Java	JavaScript
SQL	OOP's	

CERTIFICATIONS & COURSES

NPTEL - Database Management System Link | 2025
CISCO - Introduction to Modern AI Link | 2025

COMPETITIVE PROGRAMMING

LeetCode : Max rating - 1,521| Solved problems: 300+ | Badges: 2 (100 Days Badge 2026) | Contests attended: 33

Codechef : Max rating- 1,165 | Solved Problems: 600+ | Contests attended: 50 | Badges: 2 (Daily Streak Gold)

ACHIEVEMENTS

- Secured **Third Prize** (₹5,000 Cash Prize) in 24-hour Hackathon at St. Joseph's College of Engineering, Chennai, for Cyber Shield AI.
- Actively participated in 24 hours, 12 hours and 6 hours coding hackathon, Agentic AI hackathon at KIT campus.
